

## JOLT GUM

**What it is:** The makers of Jolt Cola now target gum chewers. "Our gum is in your face!" enthuses spokesman Kevin Gass. "We're not your daddy's energy product!"

**What's the buzz?** Available in spearmint and "icymint," each piece contains guarana, ginseng, an astounding six kinds of sweetener and 25 milligrams of caffeine. Two pieces equal one cup of coffee.
